1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on March 3, 2006, Gary R. Plotecher requested an extension of time for one (1) MONTH(S) and authorized the Director to charge Deposit Account No. 232053 the required fee of \$120.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 13 has been canceled.

2. The following is an examiner's statement of reasons for allowance: Regarding claim 8, the prior art of record does not teach or suggest double sided identification marker having a first component, a second component which is a mirror image of the first component, wherein the each component has a first and second side, the second side of at least one component having adhesive and the second side of each component is

joined to one another and wherein the marker comprises edges, first and second ends with hole near each end and a slot extending from the hole to an edge.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
